

## **Government Pricing 101**

Activus GPS is offering a full day GP101 workshop designed for professionals new to government pricing as well as senior leaders looking for a basic understanding of the federal healthcare program requirements for manufacturers.

Included in this full day session are:

- An overview of each program (Medicaid, PHS/340B Program, Medicare Parts B & D, VA/FSS, Tricare and State programs)
- Examples of each calculation
- How commercial activity drives the various elements that go into the GP calculations
- Reporting requirements
- Industry best practices
- Recent enforcement and potential penalties for non-compliance
- Q&A throughout the day

**Date:** August 31, 2017

**Location:** Renaissance Philadelphia Airport 500 Stevens Drive Philadelphia, PA 19113
